NBC News pioneered the morning news program when it launched Today more than 55 years ago, with Dave Garroway as host. The live broadcast provides the latest in domestic and international news, weather reports and interviews with newsmakers from the worlds of politics, business, media, entertainment and sports. After more than 48 years of the standard two-hour format, the third hour was launched in October of 2000, followed by the fourth hour in September 2007, making Today the only four-hour hour national morning show broadcast. The program is unparalleled in its ratings dominance in the morning news arena, serving as America's overwhelming favorite for more than an unprecedented eleven consecutive years.

NBC Nightly News

Weekdays at 5:30 p.m.

Reports and analyses of the day's top news stories, in addition to regular reports including: "In Depth," a longer form piece which examines and provides context, usually for the top news story of the day; "The Fleecing of America," re-introduced in June of this year, which examines government waste; "Lifeline," which takes a look at current health trends in America; and "In Their Own Words," a unique segment which allows individuals to speak out on one of the day's top news stories.

TODAY, Weekend Edition

Saturdays at 6:00 a.m. and Sundays at 6:00 a.m.

The weekend broadcasts continue the "Today" tradition of covering breaking news, interviewing newsmakers, reporting on a variety of popular-culture and human-interest stories, covering health and finance issues and presenting the latest weather reports. In addition, the show offers visitors to New York City a chance to observe firsthand the workings of a live television broadcast with its windowed studio on Rockefeller Plaza. Interaction with the crowd outside the studio is a major part of the program.

NBC Nightly News, Weekend Edition

The weekend editions of "NBC Nightly News" provide complete and timely reports on national and international events that take place on Saturdays and Sundays. Lester Holt is the program's anchor.

Meet The Press

Sundays at 9:00 a.m.

America's most-watched and No. 1 Sunday morning public affairs broadcast. Acclaimed by conservatives and liberals, newsmakers and television critics, "Meet the Press" consistently makes Monday morning headlines and has become the most quoted television program in the world.

The Chris Matthews Show

In addition, the show offers visitors to New York City a chance to observe firsthand the workings of a live television broadcast with its windowed studio on Rockefeller Plaza.
